WATERMELON FOR NORMAL STUDENTS

COMMERCIAL CLUB TO SERVE 120 WEDNESDAY NIGHT.

BAND CONCERT IN NORMAL PARK ALSO

All Citizens Invited to Mingle With Faculty and Pupils After Festival and Lunch Is Over.

Geel! Let's enroll at the Normal. The students will get a chance at one hundred and twenty (120), yes sir, six score, watermelons Wednesday night. And they will be free. Now don't you wish that you had entered the summer session this year.

The feast will be furnished by the entertainment committee of the Maryville Commercial Club as the grand climax of the annual "play day" which the students and faculty will enjoy day after tomorrow, Wednesday, July 19. Members of the commercial club will serve the fruit which has already been put into cold storage for the event.

H. L. Raines and Lawrence G. Schumacher will have charge of the event, being members of the entertainment committee. Ed. Keck, chairman, is out of town on his vacation. The serving of the melons will be the dessert of the lunch for the students will be served by the various country clubs.

After the red has disappeared down between seven and eight hundred throats and nothing except the rinds are left, citizens of Maryville are invited to come out to the Normal Park. No, now please don't get insulted. You are not to be invited out to the "leavings." The weekly band concert will be given in Normal Park following the serving of the watermelon and everyone in Maryville and Nodaway county is cordially invited to come out and get acquainted with the Normal students.

The band concert in Normal Park Wednesday night will take the place of the regular weekly Thursday night program of the court house stand which will not be given this week. This causes the postponement of the D. A. R. ice cream social which was planned for next Thursday night. It will be given Thursday night of next week.

Faculty-Student Game Feature.
The annual baseball game between the students and the faculty with President Ira Richardson umpiring, will be one of the features of the day. It will only be a seven-inning game after which various running and field contest events will be staged.

Supper in the Normal Park will be served with students grouped according to the county organizations, all of which have been formed now. For those who are from outside the state or from counties with a very small representation, the "E. T. C." has been formed as usual. This is the "Andsoforth's" who expect to have their share of the fun along with the others.

The annual playfest festival each summer is planned as a day for the faculty and students to get well acquainted in a social way. It has always been a time of much fun, amusement, gaiety, pleasure, enjoyment and all the other synonyms of having a good time.

CAROLINA FLOODS WORSE

Five Known Dead, Thirty Missing and Storm Damage Is Estimated Now at Twenty Millions.

Special to The Democrat-Forum.

Raleigh, July 17.—With five known dead and thirty missing, the flood situation caused by the torrential rains is worse today. Property damage now is estimated at twenty millions. Railroads, telegraph and telephone service is crippled. Many factories are closed and twenty thousand workers have been made idle.

MCDANIEL MURDERER FREE

No Arrests Yet In Brutal Death of Wife of Buchanan County Prosecutor.

Another day has passed, and the murderer of Mrs. Oscar D. McDaniel has not been arrested. After a tireless man hunt over St. Joseph and the country 'round about Saturday, and a hard day's work yesterday in which every clue was run to earth, the police admitted last night that the first big effort to catch the slayer or slayers had ended in apparent failure.

The next effort will be of a different nature, and it is unlikely that much information will be forthcoming from the authorities, until they have the criminal within their grasp, or are ready to admit final defeat.

Mrs. McDaniel's funeral was held yesterday from the Westminster church with burial in Mt. Mora cemetery.—St. Joseph Gazette.

EASTERN TRIP OVER

DR. F. R. AND MISS MAE ANTHONY RETURN LAST NIGHT.

4,000 MILES IN FORD

Just Let Wanderlust Lead In "Only Car" and Have Rare Good Time, Says Physician.

Dr. F. R. Anthony returned last night from a five week's auto trip through the East. He was accompanied by his sister, Miss Mae Anthony, and his nephew, Cyrus Lippman, of St. Louis.

They made the trip in "the only car," to quote Dr. Anthony, a Ford touring car. Dr. Anthony said that an auto trip was far ahead of a trip on the train.

The party left here five weeks ago just for a trip through the East, having no plans made on any day for the next day. They followed the Pennsylvania railroad from St. Louis to New York, passing over the eastern mountain ridges and took in the lake region.

They enjoyed the trip from one end of the Niagara River to the other and also the scenery down the Hudson. They visited Camp Whitman, the headquarters of the New York State troops, while the soldiers were getting ready to leave for the border.

The trip of over 4,000 miles was made without any car trouble and the weather was excellent most of the time.

PARKER CALLS CONVENTION

"Bull Moose" Vice Presidential Candidate Asserts He'll Support Neither Wilson Nor Hughes.

Special to The Democrat-Forum.
New Orleans, July 17.—A statement and call "to the patriotic men and women of America" to hold a new national convention of the Progressive party in Chicago on Aug. 5, and nominate candidates for president and vice-president, and continue the party's existence as a distinct political organization was issued here last night by John M. Parker, vice-presidential nominee of the Progressive convention held in Chicago in June. He urges the Progressives "to eternally bury" the bull moose, which he asserts "led his loyal followers into the wilderness," and to adopt in its place the American eagle as the emblem of the party.

Parker, in commenting on his statement, declared publicly for the first time that he would not support either Woodrow Wilson or Charles E. Hughes for the presidency.

COME ON, ALBANY! BOARD DISAGREES

FEDS VANQUISH BEDFORD 7-5 AND ARE EAGER.

4TH STRAIGHT VICTORY CARRY POINT TO JUDGE

And Opponents Next Sunday Have "Cleaned Up" Stanberry Four Times This Year.

The Feds continue to win. They beat Bedford yesterday 7-5. With four straight wins to their credit they are confident that they can clean up on most anything that comes here now.

The fast Albany team will be here for a game with the Feds next Sunday. Albany has four straight victories over Stanberry this season.

Bedford scored in the second, third, fifth and ninth. The Feds' big innings were the third and the eighth. In the third they took two runs on Miller's triple and Stephens' homer. In the eighth Scott and McCoy singled and scored when Block erred on Thiemann's fly ball. Thiemann tallied on an error by Churchill.

The features of the game were the hitting of Stephens and hitting and fielding of McCoy. Stephens poled out a double and home run out of four trips to the plate. "Mac" was walked twice and gathered a single and double out of his other two chances. He accepted two hard chances in the field.

Harry Scott umpired in regular big league style yesterday. He thought the Bedford manager was taking too much liberty with the coaching lines, not being attired in a ball suit, so he banished him—making more fun for the crowd.

MRS. GOLDIE GILBERT, 17, DIES

Young Wife of Fred Gilbert Had Been Married Three Years and Leaves Child of 2.

Mrs. Goldie Gilbert, wife of Fred Gilbert, died at her home on Charles street at 11 o'clock last night, of tuberculosis and dropsy. She had been ill since the first of the year.

Mrs. Gilbert was 17 years old. She was born in Iowa in 1899, and had been married three years. She leaves one child, William Fred, who is 2 years old. She is also survived by her parents, Mr. and Mrs. William Seals, living in Mystic, Ia., and by six brothers and one sister.

The funeral took place at 3:30 o'clock this afternoon from the family home, and the Rev. Lewis M. Hale conducted the funeral services. Burial was in Oakhill cemetery.

MUST SECRETARY RAY DAVIS BE RE-ELECTED?

After Re-election of W. B. Gex and C. D. Bellows as Chairman and Treasurer, Directors Adjourn.

The new directors of the Standard Poland China Record association met Saturday afternoon after their election but adjourned after a short, stormy session and went home. Neither of the secretaries have resigned. The contention of the administration is that Ray Davis was employed for a year's time and cannot be dismissed or re-hired at this time.

Others assert that the board of directors have power to "hire or fire" at any time. Judge C. H. Mayer has been asked for a decision on this point and the board will meet at a later date to receive the ruling. Meanwhile the officers will hold over. It was understood generally that the officers as well as the board would resign but such was not the case.

W. B. Gex of Graham, former chairman, was again made the head of the board. N. I. Staples of Burlington Junction, one of the insurgents who was elected Saturday, was made vice chairman. C. D. Bellows of Maryville was re-elected treasurer.

Sam McKelvie, another of the new members and one of the pioneers in the Standard, started trouble in the board by demanding a financial statement. Although it had been made public that a statement was to be read Saturday, none was forthcoming, and Mr. McKelvie was told that such a report of the secretary would be mailed to him.

Each side is busy today telling how the affair should have been different. The insurgents are sorest at themselves, however, because they failed of placing a fourth man on the board by only four votes. Had these been taken from McKelvie, who led the field by almost 100 votes, the "ins" would have retained a majority of only one on the new board of directors.

Gilbert, Robinson and McKelvie with others of that side who are strongly against consolidation, assert that the proposition is dead now, although they expect another fight to be made. The chief reason for feeling so certain of this is that a two thirds vote is required by the stockholders to accomplish a merging with the American.

"FERN" CHANGES HANDS

J. B. ELLS SELLS THEATRE TO FIRM OF THREE.

F. S. Williams, Conception; S. P. Gooding, Kansas City, and K. B. Johns New Owners.

The Fern Theatre, formerly owned by J. B. Ells, was sold Saturday to a firm to be known as the Fern Theatre Company. Three men will own an interest in the showhouse. K. B. Johns, formerly of St. Joseph, will manage the Fern. The other two owners are F. S. Williams of Conception Junction and S. P. Gooding of Kansas City.

The Theatre will be closed for several days for repairs and alterations. New ventilators will be installed. A new machine and projection room will be built to make the house as fire-proof as possible. Other safety devices will be installed.

Mr. Johns, the new manager, is an operator himself and holds a union card. He has had considerable experience in St. Louis, Kansas City, St. Joseph, Des Moines, and Sioux City. He promises the very best pictures for Maryville patrons and has already booked some of the latest films for showing here soon.

EVERSOLE'S RECORD RUSSIANS IN WEST

ENDS FORTY-SECOND YEAR IN BUSINESS HERE. GERMANS MEET SLAVS FOR FIRST TIME IN FRANCE.

NOT A VACATION EITHER TEUTONS ADMIT DEFEAT

Senior Member of D. R. Eversole and Son Has Many Reminiscences of His Commercial Life Here.

Forty-two years in business without a day's vacation! This is the record of D. R. Eversole who rounded out his two score and second year in the dry goods business last Thursday.

And moreover, Mr. Eversole says that a man with the right attitude to his work does not need a vacation. Of course, this is simply the opinion of a merchant who has seen the dark and the bright sides of business; but with forty-two years of experience behind him he ought to know.

Mr. Eversole's first experience in the work-a-day world was as a section hand on the Burlington. He was born in Ohio and came to Nodaway county in his early twenties. He worked a whole summer as a section hand and went to school the next winter. He had a short experience as a grocery clerk, but soon gave up that occupation to become a dry goods clerk.

On the thirteenth day of July, 1874, Mr. Eversole went to work for the Lieber-Michau Dry Goods Company as a salesman. The store was located where the Townsend Grocery holds forth today, and there Mr. Eversole stayed for six and a half years as salesman.

Then John Lieber bought Mr. Michau out, and gave Mr. Eversole a working interest. The arrangement was this: Mr. Lieber furnished the capital and Mr. Eversole furnished the experience and time. For three and a half years the partnership continued and then the business was sold to F. M. Petty, with whom Mr. Eversole remained as salesman for about a year and a half.

To Present Location in 1897.

In the first part of January 1896, Mr. Eversole and Gus Romasser formed a partnership, bought the stock of E. K. Hurlbut and started a store where the Hudson Hardware store is now. These men remained in business together for nine years and then Mr. Eversole bought Mr. Romasser's interest. The business was conducted at this place for three years more, and in 1897 the location was changed to 312 North Main street, the position it occupies at present.

Twelve years ago Mr. Eversole took his son, Ralph Eversole in as an interest partner, and since that time D. R. Eversole & Son has continued to be one of the leading dry goods houses of Maryville.

VILLA ACTIVITY HOLDS UP PEACE

U. S. CANNOT DISCUSS WITHDRAWAL AT THIS TIME.

BANDITS ARE DRIVING CARRANZISTAS BACK

El Paso Believes Pershing's Forces Will Be Across Border in Thirty Days.

Special to The Democrat-Forum.

Washington, July 17.—The accounts of increased bandit activity on the border and the reported defection of Trevino in command of the Mexican army of the north has caused the postponement of the pending negotiations between the United States and Mexico.

It appeared today almost inevitable that it will be impossible to discuss the withdrawal of the troops under the present circumstances. Awaiting further developments, the Navy department has suspended the gradual withdrawal of the ships from the Mexican waters.

Villa Trying for a "Crush."

El Paso, July 17.—The Villa forces are reported to be marching to Chihuahua City in the hopes of delivering a crushing blow that will drive Carranza out of Mexico. News of Villa's latest triumph has been brought to the border by refugees. They picture disorder and rioting in Chihuahua and confirmed the report of Trevino's antagonistic attitude toward Carranza and Obregon.

Carranzistas Loot U. S. Ranch.

Nogales, July 17.—The Carranzistas are reported to have looted the Hackard ranch near Douglas, Ariz.

Reports that Pershing will be out of Mexico within thirty days was revived with the announcement of the construction of a huge base camp at Denning. The official explanation given for the new camp is that it is to be for militia sent to the border and also as a secondary base for Columbus.

Many Complaints by Militiamen.

Washington, July 17.—A flood of complaints regarding the conditions under which militiamen on the border are working is deluging members of congress. The complaints are concerning the quality of food and equipment and unless satisfactory explanations come within the next few days, investigation will be made.

TWO APPEAL CASES FILED

Lincoln Township Men Fight Vacating of Road—Fred E. Griffey Carries Probate Decision Up.

Myron W. Staples, Frank Potts, A. J. Vansickle et al filed a petition in the circuit clerk's office today for the September term of court, appealing from the decision of the county court on a road case hearing at its May term. The road is located in Lincoln township and the county court ordered it vacated on the grounds that it was not traveled and of no public use.

Another appeal case to the circuit court is that of Fred E. Griffey against Mrs. Myrtle M. Griffey, administratrix of the estate of the late Charles A. Griffey. The case was heard in probate court by Judge Conn and the claimant was given a verdict for \$307.55. The claim was an account for 250 bushels of corn and ten tons of hay Fred Griffey testified he sold his brother and did not receive payment.

The Democrat-Forum has just placed an order for another carload of print paper at a price more than double the price at this time last year. Subscribers will confer a favor by forwarding payment on their subscriptions without waiting for a collector or statement, and thus delay if possible an increase in the subscription rates. The present rates are based on cash in advance and, at the present cost of white paper, the rate outside of Maryville does not cover the cost of the paper and collecting alone, to say nothing of the actual cost of production of a newspaper. For the present there will be no advance announced but the paper market is exceeding the speed limit and a raise in subscription is only a question of a short time if the upward tendency continues. Those who are paid in advance at the present low rates will be fortunate.

The new revenue bill passed by the lower house of congress repeals the stamp tax on notes and deeds. This is right. It doubles the income tax rate, imposes a tax on large inheritances and taxes the profits of munition plants. It is estimated that it will bring in \$200,000,000 additional revenue. It also provides a protective duty on the manufacture of dyestuffs, prohibits the dumping of foreign goods on the American market following the close of the war and provides for a tariff commission. It's another piece of high class, progressive legislation has become famous, and without a parallel in the history of the country. Forty Republicans of the house voted for the bill and again put

the stamp of approval on important Democratic legislation.

With a great show of indifference, the Springfield, Missouri, Republican says "the few remaining progressives can go over to the Democracy without reducing the betting odds on Hughes in the least." Those progressives who exercise their right to cast their ballots where they please without regard to the deal between Teddy and the G. O. P. leaders will be more numerous than the Republican would have its readers think and there will be a lot of free born, independent Republicans who will do likewise. They have been taught to "let well enough alone" and they will do it.

EVERSOLE'S RECORD

(Continued from page 1.)

When Mr. Eversole first started in the business his line was dry goods, carpets, coats and shoes. The ready-to-wear department was added after the establishment of the store in its present location. Three years ago an up-stairs annex was started containing ready-to-wear, carpet, and rug departments.

Mr. Eversole has a great fund of reminiscences of the early days in Maryville when practically all of the people of Nodaway county came here to do their trading.

Some Tales of Early Days.

Regarding this he said:

"The farmers used to drive over here, set up their tents and camp by the One Hundred and Two river. Then in the evening the men would come up town and do their buying. The next morning the women would come. Families ranging all the way from two to eleven members would buy their semi-annual supply of shoes, clothing and groceries. 'If the family numbered eleven, eleven pairs of shoes were bought. A pair of calf-skin shoes would make a belle of any girl, and the boys always bought the heaviest boots. When providing for dresses and working clothes for the family, mother never forgot to include a bolt of waterproof, a bolt of calico and a bolt of jeans. 'In case any members of the family could not put in an appearance when shoe-purchasing time came, the father of the house brought a supply of sticks cut according to the various foot lengths of the 'stay-at-homes,' and by means of these the shoes were bought. Width was a matter of small consideration in buying shoes in those days. Length was the principal measurement.'"

Mr. Eversole tells many interesting stories of the evolution of the modes of transportation in the county. He tells first of the huge, heavy wagon that carried the whole family in four big seats, then of the Democrat spring wagon, and finally of the carriages and buggies that were the pride of the farmers' heart before the advent of the automobile.

Miss Wagner Back Home From Kansas.

Miss Katie Wagner, who lives eight miles northwest of Maryville, returned last night from St. Paul, Kan., where she has visited for six weeks with her uncle, Sebastian Wagner, and family. She spent a week on her way home visiting with her aunt, Mrs. Ellen Montell, in Kansas City. Her brothers, John and Joe Wagner, met her in Kansas City and accompanied her home.

ONE OF BEST DISINFECTANTS

Whitewash is Recommended as First Step for Healthfulness—Thoroughness is Important.

Whitewash is one of the best disinfectants for damp, dark places. The best way to apply whitewash is, first, to have it perfectly free from lumps, and then use a spray pump.

Thoroughness is important in all kinds of disinfecting work. It is of no use to disinfect the walls of a barn unless you also disinfect the floors and mangers.

One good point about whitewash is that its color tells you when you have thoroughly covered a surface.

Some of the coal-tar disinfectants not only destroy germs but also kill lice, fleas, parasites and, in addition, heal cuts and wounds.

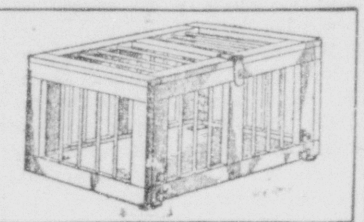

The best ways to disinfect yards, such as after a hog-cholera epidemic, are: First rake up all the trash and burn it. Then cover the yard three inches deep with straw and burn that. If you are not able to secure straw, sprinkling the ground with lime is a second choice. To disinfect posts and fences, whitewash or paint them.

Disease germs shorten the average span of life by about two years. About 90 per cent of the common diseases are infectious, or "catching." Disinfection after disease is the first step for healthfulness, both for persons and live stock.—Farm and Fireside.

FOLDING CRATE IS INVENTED

arranged that the ends fold down on the bottom, and the top and sides fold under the bottom.—Wisconsin Agriculturist.

PREVENT SOURING OF CREAM

Acid Developed Through Process Is Injurious to Infants—Keep Dirt and Bacteria Out.

Extra precautions should now be taken, on account of the warm weather, to keep milk and cream sweet. The acid developed through souring is very injurious to infants, and while it may not be so to older persons, it is very distasteful to them. Bacteria will not sour milk unless permitted to grow in it, therefore every precautionary measure should be taken to prevent them from doing so, by cooling the milk as soon as it is produced and keeping it cool from then until it is delivered. Housewives and dairymen should remember that cleanliness and low temperature (50 degrees F.) will prevent loss from this source.

As dirt is filled with bacteria, both dirt and bacteria should be kept out of the milk by using small-top milk-pails and by thoroughly washing and airing all dairy utensils. Another important factor is to keep the barnyard clean, use plenty of bedding, and brush the cows daily, thus preventing them from becoming dirty.

GENERAL FARM NOTES

Sow good seed and reap good crops.

The seed drill soon pays for itself.

Regularity of feeding and work make long-lived horses.

Standing in wet manure tends to make the feet of the horses tender.

In swine breeding we must consider the shape of hog the nearest market demands.

Prevent waste and make every pound of feed bring the best results possible.

The cow is a living machine; kindly treatment entails less labor and insures more milk.

Good pastures, good milk checks, good prospects for good prices—save all you can this year.

Safety first—a cow and some pigs and chickens when getting a home established on a farm.

Sweet clover, when grown on run-down soils, is very beneficial in preventing erosion and washing.

Give the dairy cows the usual feeding of hay and grain night and morning until the pastures are luxuriant.

The millets make good catch crops, but the seed should not be allowed to get too ripe if the hay is to be fed to horses or colts.

The production of milk-producing feed on the farm at the least cost is an important factor in years of great profit from dairying.

ORPET HELD "NOT GUILTY"

Wisconsin U. Student Acquitted of Sweetheart's Murder on Jury's Fourth Ballot.

Waukegan, Ill., July 17.—Will Orpet was acquitted Saturday night of Marion Lambert's murder.

The jury that for six weeks had heard two versions of the tragedy of Helm's Woods, where Marion was found dead in the snow February 10, chose the version of the defense—that Marion committed suicide. The verdict was returned at 7:45 o'clock and thirty minutes later Orpet had shaken hands with every one in the courtroom, kissed his mother, issued a statement to the reporters and was speeding on toward his father's home at Lake Forest, to spend his first night out of jail since February 11.

The jury took four ballots. The first three stood 11 to 1 for acquittal and the lone opponent of not guilty was won over after the jury had returned from supper, when his fellow talesmen promised never to reveal his name.

REPRODUCES SOUND WELL

Special Picture at Empire Shows Remarkable Stage to Which Edison Has Perfected Phonograph.

A special picture, "The Voice of the Violin," produced by the Edison Company, was shown at the Empire theatre Friday night for the purpose of illustrating the perfect reproduction qualities of the Edison Diamond Disc phonograph. The story is one of how a young violinist was found after being lost by his violin music being recognized by relatives, the music having been reproduced. The Edison Diamond Disc reproduced the music of the violin Friday night perfectly and showed the remarkable stage to which Edison has brought the new sound reproduction.

FEEDING GERMANS

Herr von Batocki, New Dictator, Establishes City Kitchens.

ABOLISHES PRIVATE PROFITS.

Hot Dinner at Midday and Supper Being Served at Minimum Charge. Wealthy Families Urged to Take Meals by This Method—Result of Speculation in Food.

Berlin.—The food dictator of Germany, Adolph von Batocki, has started the feeding of the population by communal kitchens. In Berlin there are from twenty-five to thirty of them, directed by five or six committees appointed by Batocki. Half a million people will be dealt with at once by the card system, and this number will be increased as necessity arises. Hot dinner at midday and supper are being served at a minimum charge, the families even of the well to do being encouraged to take their meals by this method.

The same system is being initiated throughout the empire for the soldiers and the civilian population, the new war nutrition office being administered

HERR VON BATOCKI

from Berlin the same as any other department of the imperial government.

The war nutrition office has complete control of all foodstuffs and raw materials of food and fodders, and first of all will do away with private profit in the sale of food, especially meat, bread, milk and butter.

While the mass of the German people has displayed extraordinary self denial since the war began, there has been speculation in food, and the poor have suffered in consequence. Batocki's appointment was made shortly after butcher shops in Berlin and the suburbs were raided by angry mobs of women who had sought in vain to buy meat, only to be told by the butchers that they had none. Midnight watching revealed a brisk trade which the butchers carried on with patrons who could afford to pay exorbitant rates.

The police were active in prosecuting the gamblers in food, but the evil was not eliminated. One butcher, Klausmann, whose shop was in the Hoheluft, Chaussee, was convicted of selling sausage made of semi-putrid meats deodorized by chemicals. One of his patrons, the principal of a large school, had him arrested after several of the children had died from eating his sausages. The man hanged himself in prison.

The gamblers were not guiltless, one of them, Gustav Bruschwitz, doing business in the Naugardenstrasse, having been arrested for increasing the weight of his bread tickets by watering them. The bread coupons when arranged in large quantities normally weighed a certain amount and when presented in bundles to the bread committee in return for flour were exchanged according to the weight of the bundle of tickets. Bruschwitz found that perfectly dry tickets in the bundle weighed 120 pounds, while the bundle after being moistened with water weighed 151 pounds. His depredations were finally discovered, and he had to pay a big fine as well as serve a sentence in prison.

The appointment of Batocki as food dictator, in the first place, was to control these "human food hogs," as they are called in Germany, the butchers, the bakers, the farmers, etc. His duties also are intended to regulate the expenditure of money for food among the working classes, particularly the young women, who are earning higher wages than they ever dreamed of getting and frequently spending it in expensive restaurants. Many girls, taking the places of men in different departments of business, have had their wages increased three or four times over. The German law permits the state to supervise the expenditure of a child, but not of a person who is of age. These girls apparently have invested in war bonds to some extent and then have had a large surplus remaining, which has burned in their purses until it could be flung away in useless luxury.

Batocki's appointment did not surprise his friends. A large landowner in East Prussia, several years before the opening of the war he had been president of the Agricultural Chamber of East Prussia and a member of the house of lords, an authority on political economy, the tariff and other questions concerned with commerce and industry.

Theodore Derks, A. Waldeier and C. E. Eaton each marketed a load of hogs from Nodaway county at St. Joseph Saturday.

Miss Marie Wooley of Kansas City, who has been visiting Mrs. Harold Ford and Mrs. Oliver Bovard, left for her home Saturday afternoon.

Tulloch-Seleman Nuptials.

The marriage of Miss Naomi Tulloch daughter of Mr. and Mrs. James Tulloch and George Seleman son of Mr. and Mrs. C. D. Seleman of Savannah

took place at 12:30 o'clock yesterday at the Western Hotel in Barnard. There were no attendants and only a few of the relatives and intimate friends of the couple were present. John Tulloch, justice of the peace at Barnard, and a cousin of the bride, performed the ceremony.

After the wedding a dinner was served at the hotel to the members of the party. The table was decorated with garden flowers, and a huge wedding cake formed the centerpiece.

Those present were: Mr. and Mrs. Steve Roach, Mr. and Mrs. J. F. Tulloch, Mr. and Mrs. W. A. Gardner, Mrs. Gertrude Mayhugh and little daughter, Mildred, Miss Fern Campbell, Eugene Gardner, Paul Goforth, Sam Conlin, Earl McCleave and Mr. and Mrs. I. E. Tulloch and their daughter and son of Maryville.

Mr. and Mrs. Seleman are now in Maryville the guests of Mr. and Mrs. I. E. Tulloch. They will remain here several days and then go to Mr. Seleman's farm, about two miles from Barnard, where they will live.

CASEMENT APPEAL BEGINS.

Hearing Before Five Judges to Last Several Days. Special to The Democrat-Forum.

London, July 17.—Arguments for the appeal of Sir Roger Caseament from the charges of high treason began before five judges of the court of criminal appeal. The hearing is expected to last several days.

ADA ROACH AND COMPANY.

HERE is one of the cleverest musical entertainment numbers ever invented. It is entitled, "The Heart of the Immigrant," and will be shown at Chautauqua by that splendid company of acting and singing artists headed by Ada Roach herself, a sweet Irish maiden, who is one of the best you ever saw. It is a musical comedy, setting forth the "just come overers" in their own peculiarities. Each nationality represented is humorously impersonated, and the whole thing is a scream of delight from first to last.
